2011 Bushwalking Victoria Calendar

The Bushwalking Victoria (BWV) 2011 calendar is a high quality, glossy publication featuring the spectacular photographs selected by well known book authors John and Monica Chapman from photographs submitted by BWV members. The calendar has a month to each opening with an A4 size photo and a details page. The details page includes a smaller photo, information of interest to walkers such as sunrise and sunset times and full moon dates, school and public holidays and plenty of space to write in appointments.

Support the work that Bushwalking Victoria does for bushwalkers by promoting the calendar to your members. The calendars will make a nice gift for family and friends including those interstate or overseas. The calendars will be distributed to clubs by mid-October.
